

# QUALITY & CARE

OUR COMMITMENT TO PROVIDING A QUALITY PRODUCT & SERVICE

Our three-year warranty ensures that our lining fabrics are:

- Colourfast to ISO 105 B02 Standards
- Free from any manufacturing defects
- Where tested, compliant with FR AS/NZS 1530.2 & 1530.3
- Where tested, compliant with UPF AS/NZS 4399
- Resistant to delaminating of coating
- Able to withstand washing instructions
- Dry-cleanable as per care instructions

Our top priority with all of our fabrics is to uphold a world-class standard with our Quality Assurance (QA) processes.

Our QA testing and measuring takes place on location in the laboratory at Basford Brands HQ.

We do colourfastness testing, visual and technological colour comparison, fibre testing, FR testing & UPF testing.

## QUALITY ASSURANCE

This spectrophotometer measures chromatic intensity through wavelengths

## CONTENT MATTERS

MANY OF OUR COATED PRODUCTS ARE COATED IN AUSTRALIA; WHEN IT IS NOT EFFICIENT OR VIABLE TO COAT IN AUSTRALIA, WE COAT OFF-SHORE. HOWEVER, NO MATTER WHERE, WE ARE WE NEVER CUT CORNERS, WE USE AUSTRALASIAN CHEMICALS, SPECIFICALLY DESIGNED FOR USE IN BASFORD PRODUCTS.

EXCLUSIVELY MADE FOR US, THESE FORMULATIONS ARE ENGINEERED WITH HARSH CLIMATE AND OTHER CONCERNS OF AUSTRALIANS & NEW ZEALANDERS AS A MAJOR FOCUS AND PRIORITY. WE'RE CONFIDENT ENOUGH TO HAVE INCREASED OUR WARRANTY TO 3 YEARS. ALL OF OUR LININGS ARE TESTED ANNUALLY BY AN INDEPENDANT LABORATORY, WHICH IS THE AUSTRALIAN GOVERNMENT'S PRIMARY AUTHORITY ON RADIATION PROTECTION & NUCLEAR SAFETY.

100% OF OUR COATED LININGS RECEIVE THE HIGHEST RATING POSSIBLE FOR ULTRAVIOLET PROTECTION FACTOR. WE MAKE NO COMPROMISE ON QUALITY, OUR CUSTOMERS DESERVE NO LESS.

the contents of your home  
**Reflect,**  
out harmful UV rays  
**& Save!**  
money on heating and cooling

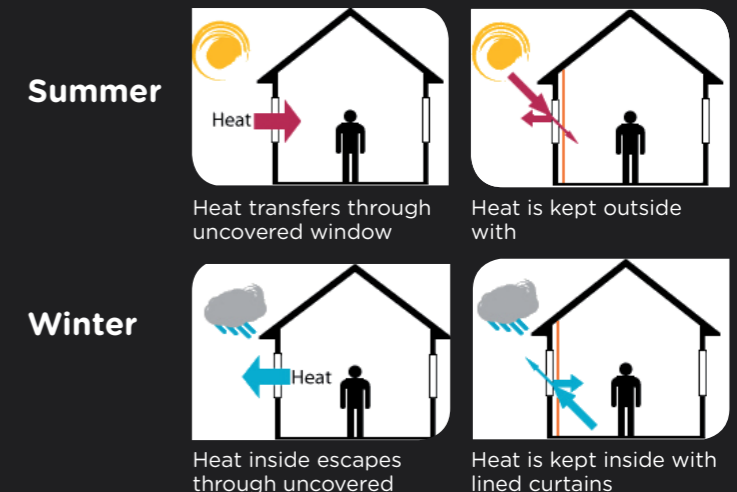

## Optimum Care:

- ✓ Our thorough QA processes enable us to assign a system of care codes to all of our fabrics. A care code indicates the best way to clean and care for your fabric
- ✓ Linings must be cleaned using the carefully specified care instructions
- ✓ Coated linings should be manufactured and hung with the coated side exposed to glass of a window pane
- ✓ Be sure to review your product and its specifications before installing, displaying, washing and drying to get the best life possible out of your fabrics

**choose**  
**filigree linings**  
**and...**

- Protect your family and your home
- Cut greenhouse emissions
- Help achieve a 6-star energy rating
- Save on heating and cooling
- Reduce noise
- Enjoy easy care and maintenance
